Subject: New question

Hi Darren,

We noticed that FieldTurf carries FlameGuard infill pellets, the fire-retardant product that can be added as a top dressing layer to any FieldTurf system, <http://www.fieldturf.com/en/artificial-turf/artificial-turf-news/fieldturf-launches-fire-retardant-infill-and-fiber-synthetic-turf-component>. We were curious about the potential application of this product with tire crumb. Would you be available for a quick call:

- Today at 2:30 PM EST
- Tomorrow at 8:30 AM
- Tomorrow at 11:00 AM

Thank you,

Ksenija
